

Introducing the Community Infrastructure Levy (CIL) application process for the Deerhurst Parish community

The Deerhurst Parish Council is thrilled to introduce the Community Infrastructure Levy (CIL) allocation process. CIL is a financial device specifically designed to bolster the development and enhancement of our local infrastructure. The CIL is collected from new developments in our parish and is then reinvested into the community to fund various projects that directly benefit our residents.

What is CIL?

The Community Infrastructure Levy is a charge levied on new construction projects within the Parish. The funds raised will be used to enhance local amenities, including improvements to parks, schools, transportation, community centres, and other essential facilities. The Parish Council is allocated the appropriate amounts from Tewkesbury Borough Council twice a year. We currently have about £6000 in the CIL "kitty"

How Can You Benefit?

We encourage residents, community groups, and local organisations to propose projects that can make a real difference in our Parish. If you have an idea for a project that meets the CIL funding criteria, we invite you to apply for a grant.

How to Apply

Applying for CIL funds is straightforward. Simply fill out the application form available on our website. Please provide detailed information about your project, including its purpose, benefits to the community, and estimated costs. The Parish Council will review all applications to ensure they meet the necessary criteria and align with our community's needs.

Your input and ideas are crucial in shaping the future of our community. Whether it's a new playground, enhanced public transport, or improvements to community facilities, CIL funding can **Get Involved!** help bring your vision to life.

Apply Now
